

## Traffic Update: Fraser Highway between 154 Street and 160 Street

Construction for the Surrey Langley SkyTrain is underway. Activities include construction of new utilities to supply power for the future SkyTrain, roadwork, foundation construction, and guideway construction.

To safely accommodate this work, the following traffic changes will be in effect March 24, 2025, through summer 2026.

- Lane closures will be implemented on Fraser Highway between 154 Street and 160 Street. Traffic will be reduced to a single lane in each direction. All vehicle travel will be within the eastbound lanes.
- Intermittent turning restrictions will be in place while work is taking place in the vicinity of the intersections at 156 Street, 159 Street and 160 Street, for up to one week at each location. Please refer to signs.
- The location where construction is taking place will move throughout the area, and at times will be near or in front of business entrances on Fraser Highway. Advance notice will be provided to businesses, and alternative access will be maintained at all times.
- A pedestrian path will be in place on the north side of Fraser Highway. Traffic control personnel and signs will be in place to direct pedestrians during active construction.
- Cyclists may be diverted off of Fraser Highway, depending on the location and nature of the work. Please follow signs while travelling in the area.

Map: Traffic pattern change on Fraser Highway between 154 Street and 160 Street.

Businesses will remain accessible during construction. Traffic cones will be in place to help direct access to/from businesses in this area as needed.
