

## Weekly Traffic Advisory: August 25 to August 31, 2025

Surrey Langley SkyTrain construction is underway, including relocating existing utilities to allow for construction, installing new utilities to supply power for the future SkyTrain, roadwork, foundation construction, pier construction, and other miscellaneous activities.

This advisory outlines traffic pattern changes during the week of August 25 to 31, 2025. Workplans and schedules are subject to change.

Please note that single-lane traffic throughout the project area is expected until project completion. There will be intermittent, short-term lane closures on approaches to intersections, including stoppages of up to two minutes. These may not be reflected in this weekly traffic advisory. Cyclists can expect changes to bike lanes and multi-use paths along Fraser Highway while construction is underway. We have included information for cyclists in this advisory for planned traffic pattern changes.

Information about traffic impacts related to BC Hydro work to relocate power lines can be found at: [bchydro.com/skytrain](https://bchydro.com/skytrain).

### 138 Street to 164 Street

#### CURRENT TRAFFIC CHANGES

Location	Traffic Change	Schedule	Date	Project Contractor
