

UPDATED: Full Closure of Fraser Highway between 140 Street and 96 Avenue extended to mid-December

This is an update to the [notice](#) distributed on March 4, 2025, to reflect the extension of the closure.

Map: 24/7 full closure on Fraser Highway between 140 Street and 96 Avenue.

Please refer to TransLink signage and their website ([TransLink.ca](https://www.translink.ca)) for the latest information about bus service in this area.

Updates, including timing of overnight closures, are included in our weekly traffic advisory, available on our website.

To accommodate the construction of Green Timbers Station, which is being built directly above Fraser Highway, a full road closure between 140 Street and 96 Avenue has been in place since April 1, 2025.

The Fraser Highway closure will now extend to mid-December 2025, to continue to safely advance construction and reduce multiple future traffic pattern changes in this area.

Activities include construction of new utilities to supply power for the future SkyTrain, roadwork, foundation construction, and guideway and station construction. The extension does not impact the overall project schedule.

The full closure includes vehicle travel lanes, sidewalks, and multi-use pathways. The primary alternate route is 96 Avenue.

Intermittent overnight closures of Fraser Highway vehicle travel lanes between 96 Avenue and 148 Street will continue. These intermittent overnight closures take place between 8 p.m. – 5 a.m. as required. Vehicles travelling on Fraser Highway will be directed to 96 Avenue via 148 Street.

Traffic control and signs are in place to direct vehicles, cyclists, and pedestrians to alternate routes.

Thank you for your patience and understanding as we complete this work.

What to Expect

Timing

Continuing until mid-December 2025. This timing is subject to change.

Hours of Work

Full closure between 140 Street and 96 Avenue in effect 24/7. Overnight closures between 96 Avenue and 148 Street from 8 p.m. to 5 a.m. as required.

Traffic

Full closure of Fraser Highway between 140 Street and 96 Avenue. Intermittent overnight closures from 96 Avenue to 148 Street, as required.

Impacts/Interruptions

Drivers may experience longer than normal travel times due to increased traffic volumes on alternate routes. There may be a temporary increase in noise while this work is taking place.
