

## Construction Update: Extended Hours at Precast Concrete Facility

Guideway segments are loaded onto a truck for transport.

Regular operations including casting segments, will occur during current approved work hours of 6 a.m. to 10 p.m. Monday to Saturday.

Construction of the Surrey Langley SkyTrain Project is underway, including the casting of concrete SkyTrain guideway segments at the SkyTrain precast concrete facility at 195 Street and 24 Avenue, and their transport to the SkyTrain route for installation.

To carry out this work, extended hours are required at this facility to support the delivery of these segments to Fraser Highway. Details are below:

- Overnight work begins on February 9, 2026, for six months. No work will occur on Sunday.
- Activities include moving the precast segments around the site and loading them onto vehicles for transportation to guideway construction on Fraser Highway. Intermittent noise is expected from equipment operation.

### What to Expect

#### Timing

February 9, 2026, for six months.

#### Hours of Work

Monday to Saturday, no work on Sundays.

#### Traffic

No traffic impacts.

#### Impacts/Interruptions

Temporary increases in noise are anticipated while equipment is in operation.
