Surrey Langley SkyTrain

November 27, 2026

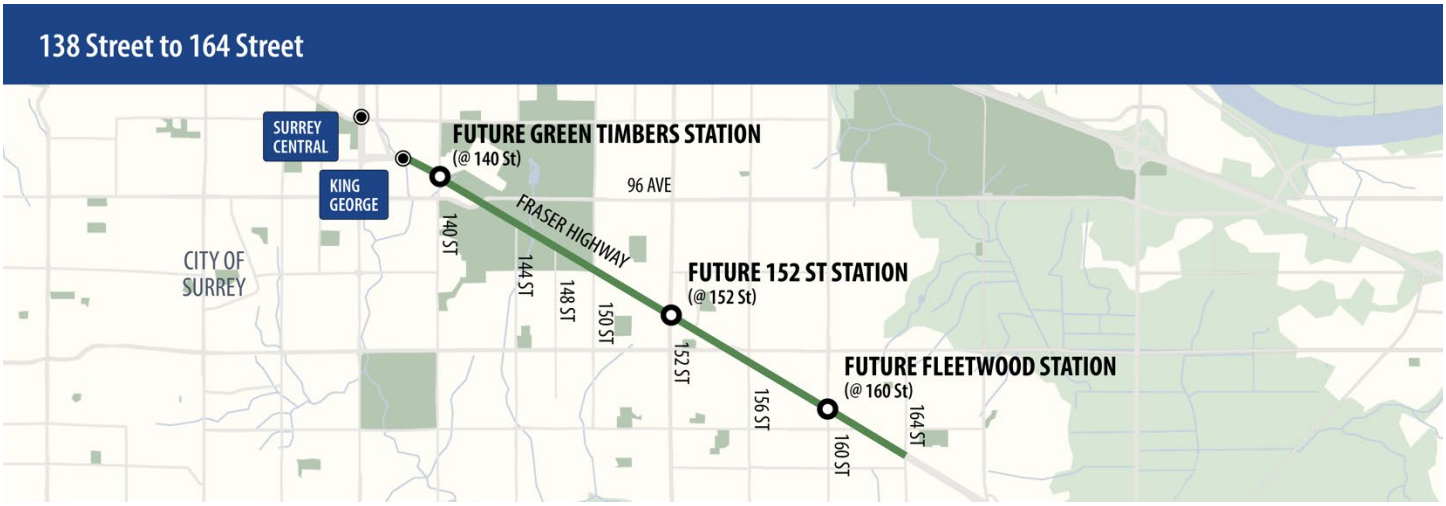

Weekly Traffic Advisory: Monday, November 30 to Sunday, December 6, 2026

Surrey Langley SkyTrain construction is underway, including relocating existing utilities to allow for construction, installing new utilities to supply power for the future SkyTrain, roadwork, foundation construction, column construction, elevated guideway installation and other activities.

This advisory outlines traffic pattern changes from Monday, November 30 to Sunday, December 6, 2026. Workplans and schedules are subject to change.

Please note that single lane traffic in each direction throughout the project area is expected until project completion. There will be intermittent, short-term lane closures on approaches to intersections, including stoppages of up to two minutes. These may not be reflected in this weekly traffic advisory. Cyclists can expect changes to bike lanes and multi-use paths along Fraser Highway while construction is underway. We have included information for cyclists in this advisory for planned traffic pattern changes.

Information about traffic impacts related to BC Hydro work to relocate power lines can be found at: **bchydro.com/skytrain**.
